

Community partnership program guidelines

The Community Bank Maldon & District is dedicated to providing quality banking and financial services in our region and to re-investing our profits back into the regions they are made. It means those who bank with us at Community Bank Maldon & District help make our communities thriving places to live in, work and visit. And you don't need to live in our community to bank with us. Once you have your accounts, loans, business accounts or insurances with us, you can do your day-to-day banking at any of the 500 Bendigo Bank or Community Bank branches, or via internet or telephone banking.

Since 1999 we've given back over **\$3.6 million** to more than 175 community groups. This is only made possible by the customers of our Community Bank branches in Maldon and Dunolly. Growing our customer base allows this unique banking model to thrive and boosts our capacity to provide funding and support to more organisations into the future.

What is a community partnership?	<p>A community partnership is a formal arrangement between Community Bank Maldon & District and your organisation.</p> <p>We look for ways we can promote and grow our business; and you generally look for funds or support for an event, program or project. And most importantly we both commit to delivering it. For example, you could provide our Branch Manager with an opportunity to address your members, and also display our banner at your event.</p> <p>We also want you and the members of your organisation to talk to our branch staff about bringing your banking and financial business to the Community Bank. The more home loans, personal loans, business banking, farm accounts, insurances, superannuation and other financial products are held at our branch, the more we can help the communities we serve.</p>
Objectives of our community partnership program	<p>Community Bank Maldon & District looks to develop community partnerships that are mutually beneficial. This means that we love to support events and projects that benefit the community (and your organisation), and that also provide opportunities to spread the word about what we do – our full range of competitive banking and financial products, and how we strengthen our local communities.</p> <p>So it's a win-win arrangement for your organisation and the Community Bank Maldon & District.</p>
What benefits are we seeking in return for funding?	<p>Anything that will help us to promote and grow our business!</p> <p>We look for the chance to spread the word about Community Banking and to meet more members of our community. We love getting opportunities to explain how our community bank works and how it benefits our customers and communities.</p> <p>We look for ways to promote our Community Bank, to increase our visibility in the community and grow our business. We love when organisations we support encourage their members or the community to have their bank accounts, loans, insurances and other financial products with us – check with our branch staff about how you can organise your accounts to be held at Community Bank Maldon & District). We also like to fly banners, put our logo on promotional materials and chat to your members.</p>
How you can contribute to your community	<p>You can help by doing your banking with one of our branches in Maldon or Dunolly:</p> <ul style="list-style-type: none"> • Opening accounts or moving your accounts to our branches. • Establishing or refinancing a home loan, personal loan or equipment finance. • Taking up insurance, investment and financial planning services. • Talking to us about our business banking if you own a business or are thinking of starting a business; or specialist rural products if you have a farm. <p>Every account that you open, every loan you take out, every insurance policy or other product you purchase from Community Bank Maldon & District contributes to the accumulation of funds that we redistribute to community projects via this community partnership program and other investments in the community.</p>
